

COMMUNITY & PARTNERSHIPS

AREA15 is designed to bring people of all kinds together to connect with each other and the experiences we offer. As a “Vegas Born” company, AREA15 looks forward to cultivating long-term relationships and fostering community through the development of creative and inclusive programming for all.

AREA15 seeks to constantly learn more about and adapt to the needs of the communities we serve, providing the best in customer experience and a visit to AREA15 that is transformative and unforgettable.

We welcome feedback and healthy dialogue as we grow our business in Las Vegas and beyond.

GIVING BACK

AREA15’s philanthropic mission is to help foster innovation and design within the new experiential economy through the support of art and technology education initiatives.

AREA15 strives to support these efforts in our local community – Las Vegas – and beyond. As AREA15 grows as a company, we will seek creative partnership and program opportunities with corporate and non-profit organizations that provide all-inclusive participation in these initiatives.

An application is required to be considered for funding support and we ask you to please be specific in your request. Unfortunately, we will not be able to accommodate all requests and our philanthropy mission will guide AREA15’s decision making in funding, in-kind support and other programmatic activities.
